Post-Pandemic Newsletter

Dear Readers,

Welcome to our pandemic summary edition of the Age Concern Petersfield newsletter. We've had a weekly newsletter throughout the pandemic which was delivered with our meals - of which there were thousands! Hot meals delivered to over 200 people a week, and with it kindness and care with people knowing that someone was looking out for them. We also set up specific pandemic services with a new army of volunteers doing people's shopping and collecting prescriptions. Nicky will let you know more about what we have been doing to help people through this crisis.

We are now back to some kind of new normal. Our lunch club has re-opened, outings and our transport into town services have restarted, IT Coaching resumes in September and our telephone befriending and help at home service continue as normal. We welcome all of you to come and hope to see as many of you as possible.

For those of you reading this that we have been working with over the past 18 months you have been an absolute joy. The thank you letters, texts, emails and donations have been absolutely terrific to receive during what was a turbulent and scary time. A huge thank you as well to each and every volunteer that stepped forward to commit their time and energy to helping others. They are all true heroes.

A little reflection on our achievements...

During our 20-week Pandemic stint of delivering prescriptions and providing a shopping service and not counting the final week, here are some figures...

- 569 portions of fish and chips delivered
- 686 shopping trips carried out
- 844 prescriptions picked up and delivered
- 88 random other jobs done for people from gardening to mending things, moving furniture, picking up samples, driving people to hospital appointments, and whatever else was needed.

It was a rollercoaster of a time and I am an extremely proud manager of Age Concern Petersfield and our absolutely amazing team of volunteers that literally threw themselves into helping others.

We delivered over 3,400 meals, a fantastic service that was provided by the amazing Bev, Nik and the team of chefs at Churcher's College. All unpaid, and all because they wanted to do something to help.

It is a time that we will always remember as a time of people coming together, lots of laughs, and an overall sense of what community is about.

Watch this space, we hope to continue to give you the opportunities to try new things and meet old and new friends. See you soon!
